4. Turn paper 90 degrees and line up the edge at 3" on the punch board and punch, and then score in the right hand groove only.
5. Flip the DSP over and line up the DSP at 1.5" and punch only.
6. Turn the DSP 90 degrees and line up the DSP at 3" and punch only.
7. Repeat steps 5 and 6.
8. Round all the corners in the corner round punch on the punch board.
9. Cut into each of the corners at the end of the long box shape (see Picture 1)
10. Add the Tear and Tape Adhesive to each of the flaps you just created and then fold in to close up the bottom part of the box (see Picture 2).
11. Gently fold in the rest of the flaps to keep the dome shape.
12. Secure the box closed by tying the lace ribbon around and tying it in a knot and then a bow.
13. Punch out a tag shape from the white cardstock.
14. Stamp the saying with Mint Macaron ink and the butterfly with Blushing Bride ink.
15. Punch a hole in the tag.
16. Thread the Bakers Twine through the hole and attach the tag to the lace trim.
