## Measurements:

Merry Little Christmas DSP: 3-1/4" x 3-1/4"

Window Sheet: 3-1/4" x 3-1/4"

Whisper White card stock: Two 2" x 3" scraps for stamping image & punching

## Instructions:

1. Use the Layering Circles Framelits to die-cut a 2-3/8" window in the lid of the Mini Pizza Box. You may have to run it through the Big Shot 2-3 times to cut through the thicker chipboard.
2. Add 3-1/4" x 3-1/4" Window Sheet to the inside of the window with Tear & Tape. Assemble the box.
3. Die-cut a circle of the same size from the center of a 3-1/4" x 3-1/4" of Merry Little Christmas DSP. Adhere with SNAIL to the box top. Optional: add leftover circle to the inside.
4. Stamp Cookie Cutter Christmas reindeer in Memento Tuxedo Black ink onto Whisper White card stock. Color in with Stampin' Blends Markers in Crumb Cake, Bronze & Cherry Cobbler. Add a little Wink of Stella shimmer to the nose.
5. Punch out the reindeer with the Cookie Cutter Punch. Punch out a second shape to adhere to the back, covering up the bleed-thru ink. Pop up onto box top with Dimensionals.
6. Tie a bow with the Cherry Cobbler Double-Stitch Ribbon and adhere with a Glue Dot.
7. Fill with a cookie, candy, gift card or a small gift for an awesome stocking stuffer!
