Measurements:

- Tempting Turquoise 4-1/4" x 8-1/2". Centre Score at 4-1/4"
- Soft Suede 4" x 4"
- Watercolor paper, Tempting Turquoise and Emerald Envy card stock require enough to punch out one 2" circle of each color

Instructions:

1. Stamp the Frog image on Watercolor paper with the Black Archival ink. Punch out Frog with the 2" Punch.
2. Color frog with Emerald Envy Inkpad and Aqua Painter. (Do not put the Aqua Painter directly into the inkpad but take ink from the inside of the lid – like a paint palette.)
3. Color the frog image with Emerald Envy Ink. Use the line art as a guide to your depth of color, e.g. where shadow lines are drawn make this area darker by adding more color there.
4. Dry water-colored image with heat gun to set the ink. Then go over the top with the Clear Wink of Stella to add lots of shimmer.
5. Using Sahara Sand Stampin' Write Marker, lightly draw around the whole outside edge of the frog and make a little bit of ground for him to sit on. Take your Blender Pen and blend out the edges of the Sahara Sand to soften the effect.
6. Dauber lightly around the outside of the Froggy punched circle with a Tempting Turquoise inked dauber. Go over the top of the Turquoise with the Clear Wink of Stella Pen. Set circle aside.
7. Punch out a 2" Circle from Tempting Turquoise and Emerald Envy cardstock. Dauber around the outer edge of the punched circles with their corresponding colored inkpad e.g. Tempting Turquoise circle with the Tempting Turquoise inkpad.
8. Stamp Emerald Envy Circle with small flower from the 'Love and Affection' Stamp set. Use Versa mark to stamp the flowers for a softer effect.
9. Adhere Tempting Turquoise Circle and Emerald Green circles onto Soft Suede card front – I suggest using Multipurpose glue. Adhere the Froggy circle to the card front (layered over the other circles) with dimensional.
10. Stamp the 'You' sentiment from the 'Lots of Love' stamp set onto a small piece of Watercolor Paper. Fussy cut out with your Stampin' Snips. Place dimensional on the back and adhere to the Turquoise Circle.
11. Using your Basic Black Stampin' Write Marker add a couple of more thought bubbles coming from the Froggy. Draw these freehand.
12. Use a White Gel pen to add dashes (faux stitching) all around the outer edge of the Soft Suede Card front.
13. Tie a small bow in White Bakers Twine and place a Glue Dot behind it. Adhere the bow to the faux stitching to add to the effect.
14. Adhere Card front to the card base with Dimensionals.
