- **Stamp Pads** – Crumb Cake (126975), Smoky Slate (131179), Island Indigo (126986), Cucumber Crush (138324), Crushed Curry (131173), Peekaboo Peach (141398), Watermelon Wonder (138323), Calypso Coral (126983), VersaMark (102283)
- **Other** – White Embossing Powder (109132), Heat Tool (129053), Embossing Buddy (103083), Aqua Painter (103954), Multi-purpose Liquid Glue (110755)

Measurements:

- Shimmery White 4" x 5-1/4"
- Whisper White Thick Cardstock 4-1/8" 5-3/8"
- Basic Black 8-1/2" x 5-1/2", folded in half for card base

Instructions:

1. Dust the Shimmery White cardstock with your Embossing Buddy.
2. Take the butterfly image from the 'In this World' stamp set and stamp into VersaMark, then onto the bottom right of the Shimmery White cardstock. Cover with White Embossing Powder and set with your Heat Gun.
3. Open the Crumb Cake Inkpads – making sure there is a deposit of Crumbcake Ink in the lid. Use the large Aqua Painter, generously squeeze water into the lid and mix together with the ink there. Randomly make a large Crumb Cake splotch onto the Shimmery White Cardstock with the Aqua Painter. **Do not color the butterfly – leave it white.** Dry with your Heat Gun. Carefully clean up any excess water in the lid with a paper towel. (Adding extra water to the inkpad's pad is not a good idea).
4. Repeat the process in instruction point #3 but this time only cover around half of the Crumb Cake splotch with other brighter colored inks (Crushed Curry, Peekaboo Peach)

and Calypso Coral). Make interesting shapes. Experiment with swirls, letting the water roll across page etc.

5. Color the butterfly with your Aqua Painter and inks. Colour suggestions – Watermelon Wonder, Crushed Curry and Peekaboo Peach.
6. Taking darker colored inks such as Smokey Slate, Cucumber Crush and Island Indigo add more color around butterfly as per the technique in instruction point #3. Keep adding color until you're satisfied with the result. Heat set with your Heat Gun.
7. Using Memento Tuxedo Black and the sentiment from the 'In this World' stamp set, stamp into the center of the Shimmery White card front.
8. Adhere the Shimmery White watercolored card front to the Whisper White Thick Card Stock with Multi-Purpose Liquid Glue. Adhere the Shimmery White/Whisper White thick card front onto the Basic Black card.
