Instructions :

1. Stamp the kitty image on the Shimmery White cardstock with Basic Black ink.
2. Color the image with the aqua painter and inkpads. Tip: With the inkpad closed, squeeze the ink pad lid to get a small pool of ink on the inside lid. Pick up this color with your aqua painter. Don't forget to "ground" your image with some color at the base of the image. Also add a pop of dimension by adding a very light halo of Smoky Slate ink around the image.
3. Stamp with the saying with Basic Black ink on the long strip of white cardstock.
4. Notch the saying with your Paper Snips scissors.
5. Wrap the ribbon around the end of the saying and tie in a knot.
6. Attach the designer paper to the card front. Add the saying on Dimensionals.
7. Attach the stamped image to the peach and watermelon cardstock layers and then to the front of the card with Dimensionals.
