

Two things inspired me to show you this gift bag: the new Gift Bag Punch Board and the new Bohemian Designer Series Paper. I particularly like the deep, rich pattern with the purples and turquoises in it. I just can't wait to put something in the bag and give it away!

- **Accessories:** Gift Bag Punch Board (135862); Delightful Dijon 1" Dotted Lace Trim Ribbon (138426), 30"; Stampin' Trimmer Paper Cutter & Scorer (126889); Stampin' Trimmer Rotary Addition (129407); Tiny Wave Stampin' Trimmer Rotary Cutting Blade (129409); Bone Folder (102300); Silicone Craft Sheet (127853); Sponge Daubers (133773); Fast Fuse Adhesive (129026); Stampin' Dimensionals (104430); floss threader

Instructions:

1. Punch & score bag from 12" x 7-1/2" piece of Designer Series Paper (DSP) according to the instructions on the Punch Board. Punch holes on the opposite side. (Print diagram below to have in front of you when you punch.)
2. Crease the score lines with a Bone Folder into a grocery bag shape. Adhere the side flap to the bag with Fast Fuse. Open out the bag and adhere the bottom flaps with Fast Fuse, applying adhesive to the outside edges of the back and side flaps and the back of the front flap. Place the Silicone Craft Sheet under the flaps so they won't stick to your work area.
3. Trim 1/4" from one end of the remaining DSP and the Very Vanilla piece with the Tiny Wave cutting blade. Stamp peacock image with the Island Indigo pad on the Very Vanilla piece. Sponge the edges with the Blackberry Bliss pad.
4. Adhere the stamped image to the reverse side of the DSP with Fast Fuse and attach to the bag front with Dimensionals.
5. Thread the ribbon through the holes. Fill your bag, then tie it closed in a bow.
