**Measurements:**

- Whisper White cardstock: scraps
- Presents and Pinecones DSP: 2" x 6", 2" x 5 3/4", 1 1/2" x 5 1/2"
- Cherry Cobbler cardstock: scrap
- Cherry Cobbler Ribbon: 24"
- Cherry Cobbler Baker's Twine: 8"

**Instructions:**

1. Punch each of the three designer papers on one end with the Banner Punch. Adhere them together with Snail Adhesive.
2. Punch a circle of Whisper White card stock with the 2" punch. Stamp the pine branches in Emerald Envy and the pine cones in Early Espresso. Adhere to the Delightful Dijon doily with Snail Adhesive.
3. Fold the top of the bag down and fold the flaps to the back of the bag. Adhere the banners on the front of the bag with Snail Adhesive. Adhere the stamped piece at the top with two Stampin' Dimensionals.
4. Tie Cherry Cobbler Taffeta ribbon in a bow above the designer paper banners, wrapping around the bag.
5. Stamp the greeting on a Whisper White scrap with Cherry Cobbler ink. Punch out with the Decorative Label Punch.
6. Using the Decorative Label Punch, punch a label out of a scrap of Cherry Cobbler card stock. Cut the Cherry Cobbler label in half vertically, and then adhere those pieces behind the stamped piece with Snail Adhesive to make a background for the sentiment. Adhere this piece with two Stampin' Dimensionals.
7. Thread the embellishment with the Baker's Twine and tie a bow, then adhere to the sentiment with a Mini Glue Dot.
